

JOB DESCRIPTION

Associate – Infrastructure Investments

North Sky Capital is seeking a Boston-based deal Associate for Infrastructure Investments focused on deal diligence, execution and financial reporting. North Sky's infrastructure team makes middle market equity and equity-like investments in sustainable infrastructure, including renewable power, fuels, storage, waste to value, water and energy efficiency.

Start Date:

Year 2022; timing flexible but no later than August 2022

Compensation:

Salary plus annual bonus. Competitive for middle market private equity firms.

Job Description:

The Associate will be a key hire for our growing direct investment team, and will work closely with all Infrastructure team members, including participation in investment and management discussions. The Associate's duties will include:

- Financial and operating diligence on new deal opportunities
- Financial modeling of new opportunities and existing investments
- Industry research regarding target sectors
- Support of North Sky principals during deal negotiation
- Drafting of investment memoranda
- Travel for due diligence and asset management, as needed
- Preparing valuation models and quarterly portfolio updates for CFO and LPs

Candidate Requirements:

- 2-3 years of relevant work experience: investment banking or equity research in an energy, sustainability, natural resources, M&A, technology, industrials or other relevant sector; project development, M&A or finance in a large IPP, utility or energy company; OR investment analysis for a buy-side energy investor
- Creative thinker who is comfortable in a tight-knit team of professionals, in situations that require flexibility and working independently without full-time direct supervision
- Team player who will advance the interests of the firm and their colleagues at all times
- Bachelor's degree from a competitive 4-year college, advanced degrees may be viewed positively but are not required
- Computer skills commensurate with a candidate having the above experience
