Low Income Communities investment initiative commences

2020

20th Anniversary of North Sky

2022

11th impact fund

North Sky Capital is a pioneer in impact investing in the United States. Now in its 24th year, North Sky has deployed \$1.3 billion across more than 140 impact investments on behalf of its various impact funds. The firm has two flagship investment strategies: impact secondaries (private equity) and sustainable infrastructure. Both strategies support positive environmental and social change while targeting market rate investment returns. North Sky has been an active impact investor since the beginning of the modern era of private markets impact investing in 2005-6.

ASSESSING IMPACT

North Sky aligns its investments with the United Nations Sustainable Development Goals (“SDGs”) and is committed to providing meaningful impact assessments to its investors. Since 2012, North Sky has published public impact reports that showcase the positive environmental and social impact being achieved by its investments. The firm reports quarterly to its investors on portfolio SDG exposure based on how the business plans and impact metrics of underlying companies and projects contribute to specific SDG Targets. Additionally, North Sky provides investors with quantitative and qualitative impact information on specific investments via Impact Spotlights and delivers customized impact reporting via iPAR and other bespoke impact reporting systems.
